*"Definitely a unique  
and authentic  
experience in NZ"*

# Sail Barbary

• ECO SAILING TAUPŌ •

Passengers must present themselves 15 minutes prior to departure at Berths 9 & 10. We cannot hold the boat if you are late.

Unmatched, unforgettable since 1982

Sailing is a unique and authentic experience with idyllic scenery, cultural commentary and an environmentally friendly adventure on our sail/electric powered yacht.

In 2011, we committed to 'Going Green' and replaced our diesel engines with environmentally sustainable electric motors. Relax and enjoy sailing with enhanced senses, no noise, no fumes and no emissions.

Our role on Lake Taupō is one of Kaitiaki or Guardianship.
